ADVANCED SAFETY TECHNOLOGY

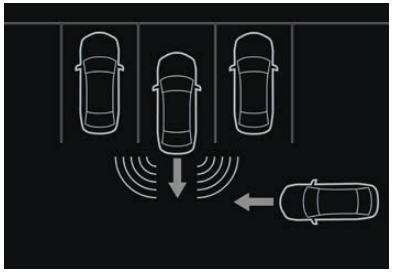

SMART CITY BRAKE SUPPORT (SCBS)
Designed to make busy city traffic more relaxing for the driver, Mazda's Smart City Brake Support (SCBS) helps to avoid or minimise the risk of low-speed collisions, the most common type of city traffic accidents. The laser-based system monitors the gap and closing speed of the vehicle in front, as well as other detectable objects, automatically applying the brakes if a collision is likely at speeds of up to approximately 50mph.

Not available on SE+ and SE-L Nav+ models.

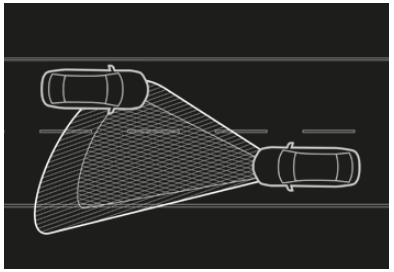

BLIND SPOT MONITORING (BSM)
Warns you of a vehicle entering a detection zone situated up to 50 metres behind, by activating a door-mirror mounted warning light on the relevant side of the vehicle. If you then indicate prior to turning in that direction, the warning light flashes and an audible alert sounds. Working at speeds as low as 20mph the system can prevent drivers from moving into the path of a following vehicle.

Part of the optional Safety Pack available on 184ps Sport Nav+ models at additional cost or included as standard on GT Sport Nav+ models.

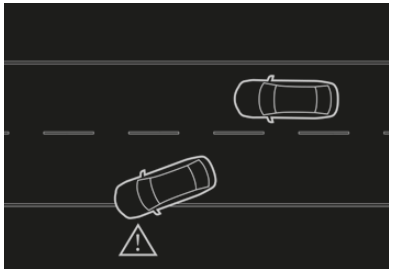

REAR CROSS TRAFFIC ALERT (RCTA)
Designed for when the vehicle is reversing, to prevent possible collisions with unseen vehicles. An alarm alerts you of any vehicles or obstacles approaching from either the side or the rear of the car, and silences once the area is clear.

Part of the optional Safety Pack available on 184ps Sport Nav+ models at additional cost or included as standard on GT Sport Nav+ models.

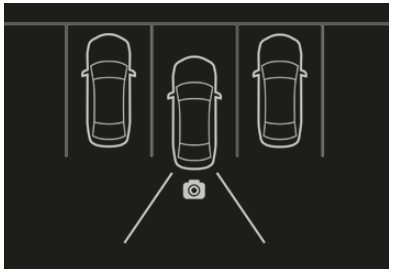

ADAPATIVE LED HEADLIGHTS (ALH)
Designed to work at night, the system automatically analyses vehicles ahead or those approaching in the opposite direction, and automatically switches between high and low beams by switching individual LED bulbs on and off as necessary. This makes it possible to drive with the high beam on at all times, significantly improving visibility when driving at night, without dazzling drivers of other vehicles.

Part of the optional Safety Pack available on 184ps Sport Nav+ models at additional cost or included as standard on GT Sport Nav+ models.

LANE DEPARTURE WARNING SYSTEM (LDWS)
Detects the line markings on the road surface and instantly warns you in case of unintentional lane departure. A front-view camera calculates the car's position relative to the lane markings. Whenever the system detects that the car is about to move out of lane while the indicator is not switched on, it emits an audible sound to alert the driver.

Not available on SE+ and SE-L Nav+ models.

REVERSING CAMERA
A camera fixed at the rear of the vehicle displays a clear view of everything happening behind the car onto the center console screen. Giving you a clearer image when reversing, the reversing camera helps guide you into parking spaces and avoid obstacles, making parking easier than ever.

Part of the optional Safety Pack available on 184ps Sport Nav+ models at additional cost or included as standard on GT Sport Nav+ models.

[1] Figures shown are for comparability purposes; only compare fuel consumption and CO_2 figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. There is a new test used for fuel consumption and CO_2 figures. The CO_2 figures shown however, are based on the outgoing test cycle and will be used to calculate vehicle tax on first registration.

[2] Figures in brackets are for 30th Anniversary Edition models.

MAZDA SERVICES

MAZDA SERVICE PLANS

Take the hassle out of servicing your car by opting for a Mazda Service Plan from your Mazda dealer. For a manageable monthly sum, your annual Mazda servicing can be covered for 3 years. Contact your Mazda dealer for more information on the options available. At participating dealers only.

The maximum service interval for your Mazda is 12,500 miles or 12 months whichever occurs first, however, the servicing intervals may reduce based on the style of driving and the conditions under which your vehicle is operated.

†ACCESSORIES

There is a full range of Mazda Genuine Accessories available for each Mazda model. For more information contact your Mazda dealer. All Mazda accessories are covered for the duration of the new vehicle warranty when fitted at the point of registration. Labour rates may vary between Mazda dealers.

MAZDA FINANCIAL SERVICES

Mazda Financial Services offers a variety of finance and insurance products to suit the needs of both private and business customers. With our wide range of plans and services, no-one is more committed to delivering complete motoring confidence and total peace of mind than Mazda and Mazda Financial Services.

MAZDA INSURANCE

When you buy your new Mazda from a Mazda franchised dealer, we'll give you 7 days' free comprehensive insurance cover so you can get on the road there and then. You'll also receive a FREE 1 year Excess Return Voucher worth £250. It works alongside your car insurance policy and pays up to £250 of your excess if you make a claim. Upgrade to our annual cover and benefit from our Mazda Accident Repair Promise all year round. In the event of an accident, unlike most other insurers, we guarantee to repair your Mazda at a Mazda approved bodyshop using only Mazda Genuine Parts. This helps to protect your Mazda's safety rating, resale value and manufacturer warranty. Plus you'll also get windscreen damage cover, EU cover and a complimentary courtesy car. We'll even pay your cancellation fee if you're insured elsewhere*. Eligibility criteria, terms and conditions apply.

Ask your dealer or call Mazda Insurance on 0330 102 7995.
